

FOR IMMEDIATE RELEASE

Roller Blind Sales Moves in the UK

Milton Keynes, UK – The leading innovator of manual, motorised and automated solar shading and room darkening solutions has two new regional sales managers.

On 1 July 2013, MechoSystems welcomed Grant Carberry as its newest Sales Manager in the UK. He is responsible for sales development in London and the Home Counties.

Carberry came to MechoSystems from Zumtobel Lighting. He has been serving the Architecture and Design communities of London and South East with lighting solutions and controls for more than six years. His experience will help further enhance the strategy for natural lighting systems.

Daniel Kearns was also recently named Regional Sales Manager. With the South and South East of England covered, Kearns will lead the way in the north. He is responsible for development of sales in Northern England, Scotland and Ireland. Previously, Kearns served as MechoSystems' Senior Estimator.
